APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the period of use and the average number of sheep served from the waters of this source. The State retains the right to regulate the use of the water herein granted at any and all times but does not take responsibility for the use of the Federal range. The Federal Government has an interest in this well and the granting of this permit does not give the applicant any authority to use the existing facilities.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.062 cubic feet per second or sufficient to water 10,000 sheep.

Actual construction work shall begin on or before January 6, 1961

Proof of commencement of work shall be filed before February 6, 1961
