APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source is a tributary. It is specifically understood and made a condition of this permit that diversion of water by the applicant shall cease immediately upon notification from the State Engineer that a shortage of water exists in the source herein described. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One & 6/10 cubic feet per second. (1.6)

Actual construction work shall begin on or before June 12th, 1918

Proof of commencement of work shall be filed before July 12th, 1918

Work must be prosecuted with reasonable diligence and be completed on or before June 12th, 1920

Proof of Completion of Work shall be filed on or before July 12th, 1920

Application of water to beneficial use shall be made on or before

December 12, 1922 Proof of the application of water to beneficial

use must be filed with State Engineer on or before January 12, 1923

Proof of labor filed FEB - 6 1917

WITNESS MY HAND AND SEAL this 12th day

Proof of completion of work filed FEB - 6 1917

of December, 1917

Map filed JUN - 4 1918

Cancelled 1-1-27 because of failure of applicant to comply with provisions of permit.

J. H. Senghman State Engineer.

Robert A. Allow State Engineer.
