Engineer.

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

The amount of water allowed to be changed by this application is the quantity necessary to beneficially irrigate the 67 acres of land included in certificates Nos. 238 and 283 in Book No.1 of the State Engineer's records.

Actual construction work shall begin on or before April 22, 1919.

Proof of commencement of work shall be filed before May 22, 1919.

Work must be prosecuted with reasonable diligence and be completed on or before April 22, 1920.

Proof of completion of work shall be filed before May 22, 1920.

Application of water to beneficial use shall be made on or before April 22, 1921.

Proof of the application of water to beneficial use must be filed with State Engineer on or before May 22, 1921.

WITNESS MY HAND AND SEAL this 22nd day of January, 1919.
