APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights. The source being waste water, it is understood that this permit grants a water right only when such waste water reaches the point of diversion and does not guarantee the continuous use of such waste. A weir must be installed to facilitate the measurement of water.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.50 cubic feet per second, and not to exceed 4 ac.ft. per acre of land irrigated.

Actual construction work shall begin on or before July 22, 1949

Proof of commencement of work shall be filed before August 22, 1949

Work must be prosecuted with reasonable diligence and be completed on or before July 22, 1950

Proof of completion of work shall be filed before August 22, 1950

Application of water to beneficial use shall be made on or before July 22, 1951. Proof of the application of water to beneficial use must be filed with State Engineer on or before August 22, 1951
