APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights. The statement under question No. 7 herein must be complied with. The applicant must install a standard weir and headgate as provided by law, to facilitate the measurement and control of water. For the purpose of storing water in the reservoir mentioned above, the applicant may divert the amount of water necessary during flood seasons to impound a maximum of 2800 acre feet of water.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Seven (7) cubic feet per second.

Actual construction work shall begin on or before May 30, 1919.

Proof of commencement of work shall be filed before June 30, 1919.

Work must be prosecuted with reasonable diligence and be completed on or before May 30, 1924.

Proof of completion of work shall be filed before June 30, 1924.

Application of water to beneficial use shall be made on or before August 30, 1926. Proof of the application of water to beneficial

use must be filed with State Engineer on or before September 30, 1926.

Proof of labor filed JUN 23 1919 WITNESS MY HAND AND SEAL this 30th day
Map filed DEC 27 1919

Cancelled DEC 30 1942 because of failure of applicant to comply with the provisions of permit of April, 1919.

Alfred Harris, Engineer

J.H. Sangler, State Engineer.
