APPROVAL OF STATE ENGINEER.

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the place of use of water, is issued with the understanding that no prior rights will be affected by the change herein proposed, and with the further understanding that no additional rights over and above those set forth under permit No. 3074 and transferred by Mike Koriojianakes to Gust G. Rahas, are granted herein. This permit is granted under the same conditions and with the same provisions originally named in permit No. 3074.

In approving this application it is recognized by the State Engineer that the point of diversion actually proposed to be used by the applicant is located in the SW 1/4 of SE 1/4 of Section 21, Township 34 North, Range 58 East, although the description in the application named the proposed point as in the SW 1/4 of SE 1/4 of Section 3, Township 34 North, Range 58 East. It is therefore understood that by the allowance of this application without the necessity of filing an application to change the point of diversion described herein, no prior rights from the source will be affected.

The amount of water to be changed shall be limited to the amount transferred to this applicant by Mike Koriojianakes under permit No. 3074, namely, 0.6 c.f.s.

Actual construction work shall begin on or before June 4, 1923.

Proof of commencement of work shall be filed before July 4, 1923.

Work must be prosecuted with reasonable diligence and be completed on or before August 4, 1923.

Proof of completion of work shall be filed before September 4, 1923.

Application of water to beneficial use shall be made on or before August 4, 1925.

Proof of the application of water to beneficial use must be filed with State Engineer on or before September 4, 1925.

WITNESS MY HAND AND SEAL, this 17th day of November, 1922.
