APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of 118.875 acre-feet of the Truckee River is set forth in the Truckee River Final Decree as entered by the U. S. District Court of Nevada, Case in Equity, Docket No. A-3, vested under Claim No. 342, is issued subject to the terms and conditions of said Decree, and with the further understanding that no other water rights on the source will be impaired by the change proposed herein. A substantial headgate, weir or other suitable measuring device must be installed at or near the new point of diversion to facilitate the measurement and control of water.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 118.875 acre-feet per year.

Actual construction work shall begin on or before May 10, 1951

Proof of commencement of work shall be filed before June 10, 1951

Work must be prosecuted with reasonable diligence and be completed on or before May 10, 1952

Proof of completion of work shall be filed before June 10, 1952

Application of water to beneficial use shall be made on or before May 10, 1953. Proof of the application of water to beneficial use must be filed with State Engineer on or before June 10, 1953

WITNESS MY HAND AND SEAL this 20th day of November, 1950

Alfred Merritt Smith
State Engineer
