APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of the Truckee River as entered by the U. S. District Court of Nevada, Case in Equity, Docket No. A-3, vested under Claim No. 719, is issued subject to the terms and conditions of said Decree and with the further understanding that no other rights on the source will be imposed by the change proposed herein. A substantial headgate, weir or other suitable measuring device must be installed at or near the new point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.316 cubic foot per second or 47.4 acre-feet per year.

Actual construction work shall begin on or before June 15, 1951

Proof of commencement of work shall be filed before July 15, 1951

Work must be prosecuted with reasonable diligence and be completed on or before June 15, 1952

Proof of completion of work shall be filed before July 15, 1952

Application of water to beneficial use shall be made on or before June 15, 1953. Proof of the application of water to beneficial use must be filed with State Engineer on or before July 15, 1953

Proof of commencement of work filed JUL 7 1952
Proof of Completion of work filed JUL 7 1952

WITNESS MY HAND AND SEAL this 1st day of February, 1951

AUG 24 1953

Cancelled because of failure of applicant to comply with the provisions of permit

State Engineer

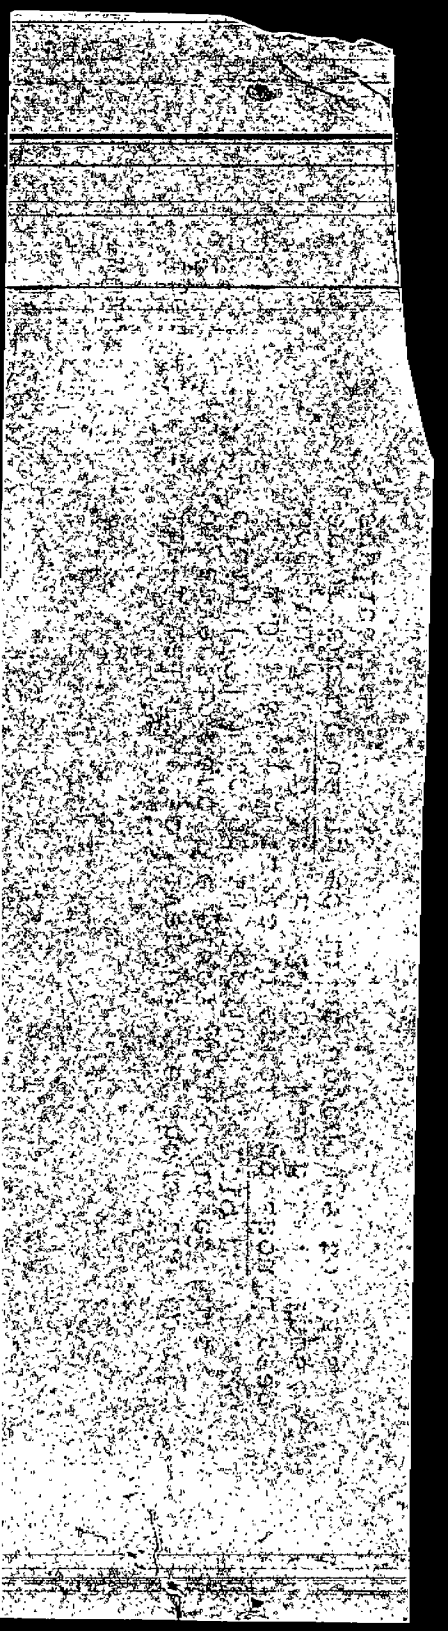
State Engineer

NOTE:


Item #8 - The final Truckee River Decree shows the point of diversion and the place of use under this claim (#718) to be in Section 7, T.19 N., R. 20 E., M.D.B.&M. This is in error and should read Section 7, T.18 N., R. 20 E., M.D.B.&M. This error should be noted in an appendage to this application.
