APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of Water Canon, as granted by permit No. 3558, is issued with the express understanding that existing rights will not be affected thereby.

As a condition incident to the approval of this application, the applicant will be required to construct and maintain suitable works of control at the proposed new diversion, by means of which the water can be regulated.

The State Engineer reserves the right to regulate the use of water under this proposed change, at any and all times.

The amount of water to be changed shall be limited to the amount which can be beneficially used and not to exceed 0.8 cubic foot per second, the amount heretofore granted under permit No. 3558.

Actual construction work shall begin on or before May 9, 1920.

Proof of commencement of work shall be filed before June 9, 1920.

Work must be prosecuted with reasonable diligence and be completed on or before May 9, 1921.

Proof of completion of work shall be filed before June 9, 1921.

Application of water to beneficial use shall be made on or before September 9, 1921. Proof of the application of water to beneficial use must be filed with State Engineer on or before October 9, 1921.
