APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to existing rights and is further subject to revocation when water is available from the Las Vegas Valley Water District, and is limited to what the well will produce but not to exceed 0.40 c.f.s. A meter must be installed in the discharge pipe line, near the point of diversion, and accurate measurements must be kept of water placed to beneficial use. It is understood that this right must allow for a reasonable lowering of the static water level. This source is located within an area designated by the State Engineer pursuant to Section 4 of the 1939 Ground-Water Act (Chap. 178, Stats. 1939 as amended); therefore the State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.40 cubic feet per second.

Actual construction work shall begin on or before June 13, 1955

Proof of commencement of work shall be filed before July 13, 1955

Work must be prosecuted with reasonable diligence and be completed on or before June 13, 1956

Proof of completion of work shall be filed before July 13, 1956

Application of water to beneficial use shall be made on or before June 13, 1958. Proof of the application of water to beneficial use must be filed with State Engineer on or before July 13, 1958

Date Filed JUN 10 1954

WITNESS MY HAND AND SEAL this 13th day of December, 1954

Cancelled MAY 14 1956 because of failure of applicant to comply with the provisions of permit

State Engineer
