9. Estimated cost of works $5000.00

10. Estimated time required to construct works 1 year

11. Estimated time required to complete the application to beneficial use 5 years

12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use. Water from this well will be used in the milling of the placer & lode claims we control in the area. Minerals will also be extracted from this water. Estimated annual consumption is about 235 mga. We recognize the existance of Permit 9655 Cert 2406 on this same well, but have considerable evidence which indicates water has not been used in better than 10 years. Rather than pursue forfeiture proceedings on this permit we would prefer issuance of this permit with the express understanding that it is issued subject to existing rights. If claimants to the existing rights contest this Application we will be in a position to pursue forfeiture proceedings if required. Total water request of these 3 Applications is 705 mga
