I would like to add more trailer spaces, too - (Say 25) I have 3 "shallow" wells (35'?) on property. All have sodium bicarbonate which leaves air conditioners (evaporative) with a white powdery filling - although water meets drinking standards & tastes good. A deep well would clear up the above problem they say - *This is the 2nd application I've filled out. The first I gave to the Fallon surveyor right after Westergard left & Newman took over & the surveyor neglected to mail the application. Kept promising but never did. Every week people drive in or call me for a place to park their trailers/mobile home.
