PROTESTED JUNE 11, 1925, BY UTAH CONSTRUCTION CO.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to any and all prior rights on the source. The water must be returned to the stream undiminished in quantity and quality save for that small quantity which is absorbed by the concentrates and lost to the stream. A suitable measuring device must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.15 cubic foot per second.

Actual construction work shall begin on or before January 1, 1926

Proof of commencement of work shall be filed before February 1, 1926

Work must be prosecuted with reasonable diligence and be completed on or before March 1, 1926

Proof of completion of work shall be filed before April 1, 1926

Application of water to beneficial use shall be made on or before

May 1, 1926. Proof of the application of water to beneficial use must be filed with State Engineer on or before June 1, 1926

Proof of labor filed April 2, 1927

Proof of completion of work filed April 2, 1927

Proof of beneficial use filed April 2, 1927

Map filed May 29, 1927

WITNESS MY HAND AND SEAL this 28th day of November, 1925.
