DENIED OF STATE ENGINEER

It is the opinion of this office that the water rights under Certificate No. 2122 issued under Permit No. 7772 have been abandoned on the grounds that the water has been divented and used in its entirety by the protestants under application No. 16982 and by their predecessors in interest since 1935. The protest to the granting of Application No. 16982 is sustained and Application No. 16982 is hereby denied.
