APPROVAL OF STATE ENGINEER.

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This Permit is issued subject to all prior rights on the source. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.1 cubic feet per second, or sufficient to water 200 head of cattle.

Actual construction work shall begin on or before January 13, 1929

Proof of commencement of work shall be filed before February 13, 1929

Work must be prosecuted with reasonable diligence and be completed on or before January 13, 1930

Proof of completion of work shall be filed before February 13, 1930

Application of water to beneficial use shall be made on or before

January 13, 1931. Proof of the application of water to beneficial

use must be filed with State Engineer on or before February 13, 1931.

WITNESS MY HAND AND SEAL this 14th day of July, 1928.

June 15, 1926 (See 7673)

February 13, 1929

Cancelled May 13, 1935. Because of failure of applicant to comply with provisions of permit
