
I, Carl Stoddard, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from fieldnotes of a survey made by me on the 31st day of August 1936; that it truly and correctly represents the location and extent of the proposed works to divert water from a well near Indian Creek in Lander County by George L. McCracken, for milling and domestic purposes. That the proposed point of diversion and return, the location of the mill, and the approximate size of the diverting pipe are fully and correctly shown hereon.
