
STATE OF NEVADA
COUNTY OF ESMERALDA } S.S.

I, Ed. S. Giles being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from the field notes of a survey made by me on the 29th day of November, 1943 and correctly represents the location and extent of the works used to divert water from an underground flow in Nye County by George A. Fink for irrigation purposes.

That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works and streams which will cross or connect with the proposed works and the boundary of all lands showing by forty acre sub-divisions the area proposed to be irrigated are fully and correctly designated thereon.
