
STATE OF NEVADA
County of Eureka ss

I, NYE W. TOGNONI, being first duly sworn, depose and say that this map consisting of 1 sheet, has been correctly drawn to the designated scale from field notes of a survey made by me (or under my supervision and direction) between the 11th day of September and the 20 day of September, 1944; that it truly and correctly represents the location and extent of the proposed works used to divert water from the MOUNT HOPE MINES in Eureka County, by the CALLAHAN ZINC LEAD Co. for mining and domestic purposes. That the proposed point of diversion and return, the location of the mine and mill, the approximate size and capacity of the diverting channel (or conduit), and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated hereon.
