STATE OF NEVADA }
COUNTY OF ESMERALDA } SS..

I, Ed. S. Giles, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 22nd day of May, 1944, and correctly represents the location and extent of the works used by Ray Van Horn, to divert water from an underground flow, in Nye County, for irrigation purposes; That all other works and streams which are crossed by or connected with the said works, the point of diversion, the approximate location and size of the diverting channel and the boundary of all lands, showing by 40 acre subdivisions the areas proposed to be irrigated are fully and correctly designated thereon.

Ed. S. Giles
State Water Right Surveyor.

Subscribed and Sworn to before me
this day of April, 1945

Amy Robinson
Clerk of District Court.
