APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to existing rights and is further subject to revocation when water is available from the Las Vegas Valley Water District, and is limited to what the well will produce but not to exceed 0.10 c.f.s. A meter must be installed in the discharge pipe line, near the point of diversion, and accurate measurements must be kept of water placed to beneficial use. It is understood that this right must allow for a reasonable lowering of the static water level. This source is located within the area designated by the State Engineer pursuant to NRS 534.030; therefore the State retains the right to regulate the use of the water herein granted at any and all times. This permit is issued with the provision that it will be used to serve a maximum of 10 rental units.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.10 cubic feet per second

Actual construction work shall begin on or before January 10, 1960

Proof of commencement of work shall be filed before February 10, 1960

Work must be prosecuted with reasonable diligence and be completed on or before January 10, 1961

Proof of completion of work shall be filed before February 10, 1961

Application of water to beneficial use shall be made on or before January 10, 1962

Proof of the application of water to beneficial use shall be filed on or before February 10, 1962

Map in support of proof of beneficial use shall be filed on or before

Commencement of work filed MAR 1 1960
Completion of work filed MAR 6 1961
Proof of beneficial use filed FEB 15 1966
Cultural map filed
Certificate No. Issued
