

APPLICATION FOR PERMIT
TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Serial No. 8819

Date of first receipt and filing in State Engineer's office JAN 23 1929
Returned to applicant for correction _____
Corrected application filed _____

The undersigned Los Angeles & Salt Lake Railroad Company
Name of applicant
of _____, County of _____,
State of Utah, hereby make application for
permission to appropriate the public waters of the State of Nevada, as
hereinafter stated. (If applicant is a corporation, give date and place
of incorporation.) A corporation of the State of Utah

1. The source of the proposed appropriation is Upper Cottonwood Spring
Name of stream, lake, or other source

2. The amount of water applied for is one second-feet.
One-second-foot equals 40 miners' inches

3. The water to be used for Railroad & Domestic
Irrigation, power, mining, manufacturing, domestic, or other use

4. The water is to be diverted from its source at the following point:

This is an application for permission to change the manner and
Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land, it should be so stated.
place of use of water granted under permit No. 7072.

(See supplemental sheet)

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

(a) Number of acres to be irrigated is _____

(b) Description of land to be irrigated _____
Describe by legal subdivision, or if on unsurveyed land it should

be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

(c) Use will begin about _____ and end about _____, of each year.
Month Month

IF WATER IS TO BE USED FOR POWER, MINING, STOCK WATERING, OR OTHER USE, SUPPLY THE
FOLLOWING INFORMATION:

(d) Power to be developed is _____ horsepower.

(e) Works to be located _____
Give 40-acre subdivision on which works will be located, or locate by course and distance to a section-corner.

(f) Point of return of water to stream _____
Describe in same manner as point of diversion.

(g) State number and kinds of animals to be watered _____

(h) Use will begin about _____ and end about _____, of each year.
Month Month

(i) Remarks _____

DESCRIPTION OF PROPOSED WORKS

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

- 5. Estimated cost of works _____
- 6. Estimated time required to construct works _____

No. 8819

Date of first receipt and filing in State Engineer's Office JAN 23 1929

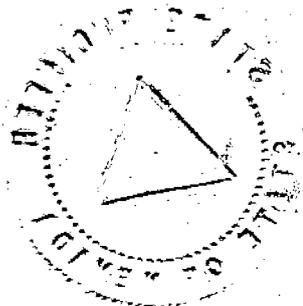

Returned to Applicant for correction _____

Corrected application filed _____

oooooooooooooooooooooooooooo

The undersigned, Los Angeles and Salt Lake Railroad Company, a corporation of the State of Utah, assignee of Nevada Lime & Rock Company, hereby makes application for permission to change the place and manner of use of waters heretofore appropriated and beneficially used, as hereinafter shown:

1. The source of water supply proposed to be changed is Upper Cottonwood Spring, located in Clark County, Nevada, in the NW $\frac{1}{4}$ of the NW $\frac{1}{4}$, Section 7, Township 22 South, Range 59 East M.D.B.&M., and situate South 23° East 1200 feet from the Northwest Corner of Said Section 7.
 2. The quantity of water desired to be changed is the total amount of of water flowing from said Spring, not exceeding one (1) cubic foot per second, subject to the rights of Jim Wilson and Tweed Wilson, their heirs and Assigns, as set forth in that certain agreement dated September 30, 1925, between Nevada Lime & Rock Company, party of the first part, and Jim Wilson and Tweed Wilson, doing business as Wilson Bros., the parties of the second part, a triplicate of which agreement is on file in the office of the State Engineer of the State of Nevada, under application No. 7072.
 3. The water is to be used for railroad and domestic purposes.
 4. The water is to be diverted from its source at the following point: The NW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 7, Township 22, S; R. 59 E., M.D.B.&M., which is the existing point of diversion under the permit granted under application No. 7072.
 5. The water desired to be changed was applied for under application No. 7072, and permit granted for the use of said water at Sloan, Clark County, Nevada, located in the NW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 13, Township 23 S; R. 60 E., M.D.B.&M., for mining, milling and domestic purposes. About 4570 feet of 3" galvanized iron pipe was laid to connect said spring with an existing 6" pipe line running from Cottonwood Spring (located in the NW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of said Section 7) to Sloan and Arden, which are stations on the line of said Railroad Company's Railroad.
- REMARKS: There is not sufficient water to supply both Arden and Sloan, and it has become necessary to abandon the branch pipe line running to Sloan, and to use all of said water at Arden station. Sloan station is being supplied from a well located near said station.
6. The description of the place of the proposed use is the SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ and the N $\frac{1}{2}$ of the SE $\frac{1}{4}$ of Section 23, Township 22, S; R. 60 E., M.D.B.&M.
 7. The following uses, among others, are included in the term "Railroad purposes": Water for depot buildings and grounds; for engines and trains; for fire protection; for the industrial plant and grounds located on line of said railroad company at Arden, and for domestic use by the employees of said railroad company, and said industry living and working in, around and about the railroad grounds of said railroad company at Arden.
 8. Use will commence January 1st. and end December 31st of each year. The water has been used heretofore during all of the months of each year.

9. Water not to be returned to stream.

10. No additional works are necessary to change the place and manner of use.

REMARKS: For many years the Railroad Company has piped the waters from Cottonwood springs to Arden, and there used the same for railroad and other purposes, the diversion works therefor consisting of some 9 3/4 miles of 6" and 4" wrought iron pipe lines, running from the NW 1/4 of the SE 1/4 of Section 7, Township 22 South, Range 59 East M. D.B.&M. to Arden, located as above described, and the pipe line from Upper Cottonwood Spring, Application No. 7072, joins said last described pipe line at a point in the NE 1/4 of the SE 1/4 of said Section 7.

11. The necessary works are completed having been performed under Permit No. 7072, and the Affidavit of Completion of Work, filed thereunder is hereby referred to and made a part hereof.

LOS ANGELES & SALT LAKE RAILROAD CO.

By F.W. KNICKENBOTHER
ITS GENERAL MANAGER.

(Send all notices, etc. to applicant in care of Leo A. McNamee, Las Vegas, Nevada.)

APPROVAL

This Permit to change the manner and place of use of the waters of Upper Cottonwood Spring as heretofore granted under permit No. 7072 is issued subject to prior and existing rights on the source and with the understanding that such rights will not be affected by the change proposed herein. The amount of water to be changed shall be limited to the amount which can be applied to beneficial use and not to exceed one (1) cubic foot per second. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One C.F.S.

Actual construction work shall begin on or before March 1, 1930
Proof of commencement of work shall be filed before April 1, 1930
Work must be prosecuted with reasonable diligence and be completed on or before March 1, 1931
Proof of completion of work shall be filed before April 1, 1931
Application of water to beneficial use shall be made on or before March 1, 1932
Proof of the application of water to beneficial use must be filed with State Engineer on or before April 1, 1932

WITNESS MY HAND AND SEAL this 18th day of November, 1929

Proof of labor filed - March 20, 1930

Proof of completion of work filed - 3-20-30

Proof of Beneficial use filed - 8-17-1930
