The undersigned H. M. Brennen, of Lamoille, County of Elko, State of Nevada, hereby makes application to change the place of use of waters heretofore appropriated and beneficially used as hereinafter shown.

2. The quantity of water desired to be changed is 0.63 second feet.

3. The water is to be used for Irrigation purposes.

4. 5. The existing point of diversion under the former appropriation was at the same point.

6. The water, herewith desired to be changed, has been beneficially and continuously used upon the following described lands: $N\frac{1}{2}$ of the $SE\frac{1}{4}$ of Section 28, T. 31 N., R. 57 E., M. D. M.

12. Estimated time required to make proof of beneficial use is Three years.

13. Irrigation will begin about April 15th of each year and end about August 15th of each year.

14. The water has been used heretofore during the months of April, May, June, July and August.

15. Remarks:

The change in place of use is requested for the following reasons, (1) It will be more efficient use of water, (2) it requires a shorter ditch to transport the water from the point of diversion to the place of use, (3) it transfers the water from steep side hill ground to fairly level land and consequently more fertile soil.

The return of surplus water to Pearl Creek is at the same point as from former place of use.

It is intended to reserve a pasture right for the land from which this water is transferred.

The land and ditches referred to above are shown on maps now on file with Judge Bartlet's Court at Reno, Nevada, under proofs No. 00388 and 00680.
