

APPLICATION FOR PERMIT
TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Serial No. 8851

Date of first receipt and filing in State Engineer's office MAR 27 1929
Returned to applicant for correction _____
Corrected application filed _____

The undersigned Q. D. Boyd
Name of applicant
of Elburz, County of Elko,
State of Nevada, hereby make application for
permission to appropriate the public waters of the State of Nevada, as
hereinafter stated. (If applicant is a corporation, give date and place
of incorporation.)

1. The source of the proposed appropriation is Lamoille Creek
Name of stream, lake, or other source

2. The amount of water applied for is 2.00 second-feet.
One-second-foot equals 40 miners' inches

3. The water to be used for Irrigation purposes
Irrigation, power, mining, manufacturing, domestic, or other use

4. The water is to be diverted from its source at the following point:
This is an application to change the point of diversion and
Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land, it should be so stated.
place of use of waters heretofore granted under permit No. 2980.
(See supplemental sheet)

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

(a) Number of acres to be irrigated is _____

(b) Description of land to be irrigated _____
Describe by legal subdivision, or if on unsurveyed land it should

be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

(c) Use will begin about _____ and end about _____, of each year.
Month Month

IF WATER IS TO BE USED FOR POWER, MINING, STOCK WATERING, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION:

(d) Power to be developed is _____ horsepower.

(e) Works to be located _____
Give 40-acre subdivision on which works will be located, or locate by course and distance to a section-corner.

(f) Point of return of water to stream _____
Describe in same manner as point of diversion.

(g) State number and kinds of animals to be watered _____

(h) Use will begin about _____ and end about _____, of each year.
Month Month

(i) Remarks _____

DESCRIPTION OF PROPOSED WORKS

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

- 5. Estimated cost of works
6. Estimated time required to construct works
7. Remarks

DENIAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby deny the same, subject to the following limitations and conditions: on the grounds that the applicant or his successors in interest failed to submit the information requested and the approval of this application without the information requested, would be detrimental to the public welfare.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed cubic feet per second.

Actual construction work shall begin on or before

Proof of commencement of work shall be filed before

Work must be prosecuted with reasonable diligence and be completed on or before

Proof of completion of work shall be filed before

Application of water to beneficial use shall be made on or before

Proof of the application of water to beneficial use must be filed with State Engineer on or before

WITNESS MY HAND AND SEAL this 13th day of November, 1968

State Engineer.

APPLICATION FOR PERMISSION TO CHANGE THE POINT
OF DIVERSION AND PLACE OF USE OF THE WATERS OF THE STATE OF
NEVADA.

SERIAL NO. 8851

DATE of first receipt and filing in State Engineers office MAR 27 1929
Returned to applicant for correction _____
Corrected application filed _____

The undersigned, Q. D. Boyd, of Elburz, County of Elko, State of Nevada, hereby makes application to change the point of diversion and place of use of waters heretofore appropriated and beneficially use as hereinafter shown.

1. The source of the water supply proposed to be changed is Lamoille Creek.
2. The quantity of water desired to be changed is 2.00 Sec. Feet.
3. The water is to be used for irrigation purposes.
4. The water is to be diverted from its source at the following point: Into a slough diverting from Lamoille Creek in the SE $\frac{1}{4}$ of SW $\frac{1}{4}$ of Sec 10 T 35 N., R. 58 E., M.D.M., or N. 69° E., 1494 feet from the southwest corner of section 10, T.35 N., R.58 E. Thence it is diverted into a ditch from the slough at point which bears N. 54° 26'E. 1878 feet, from the southwest corner of section 9, T.35 N., R.58 E. M.D.M.
5. The existing point of diversion under the former appropriation is as follows: The SE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Sec.34 T.35 N., R 58 E.,
6. The water, herewith desired to be changed, has been beneficially used during years when there was sufficient water in Lamoille creek to satisfy application rights upon the following described lands: E $\frac{1}{2}$ of section 16, T.35 N., R. 58 E., M.D.M.
7. Number of acres heretofore irrigated is 320 acres.
8. Number of acres proposed to be irrigated is 133 acres.
9. Description of land proposed to be irrigated is as follows: SE $\frac{1}{4}$ of section 18, T.35 N., R.58 E., M.D.M.
10. Description of proposed works: Diversion to be made from Lamoille creek thru the Glaser ditch and a new lateral constructed as indicated on the accompanying map.
11. Estimated cost of proposed works is \$500.00.
12. Estimated time required to make proof of beneficial use: is four years.
13. Irrigation will begin about April 15th of each year and end about October 15th of each year.
14. The water has been used heretofore during the months of April, May, June, July, August and September.
15. Remarks:

The original permit for the above water is No. 2980, a change of point of diversion was made under permit No. 4480. Under this application there is no intention of relinquishing any of the right acquired under No. 2980, except in so far as quantity of water is concerned. Less water being requested than originally granted under No. 2980. Further it is intended to abandon all claim for water on the E $\frac{1}{2}$ of section 16; T 35 N., R. 58 E.

Due to a shorter distance of transportation it will be more beneficial to the whole stream system to use the water at the proposed point than at the former one.
