(h) Use will begin about Mar. 1st and end about Dec. 1st, of each year.

(i) Remarks Applicant and his predecessors in interest have used this source and the range territory for a considerable distance around same for many years prior to 1905, and such vested rights which have been initiated thereby, and which are claimed, are not waived by virtue of the filing of this application. This means is taken to perfect a record right to the use of said water, there being no provision of law at the present time for the determination of vested stockwatering rights by the State Engineer

DESCRIPTION OF PROPOSED WORKS

Water from this spring already flows into a natural lake, but it is State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water proposed to clean out the spring and construct a ditch about 100 ft.

is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions. long to convey water to the lake and at the lower end of the lake a dam about 1 foot high and 40 ft. long will be constructed to conserve additional water.

- 5. Estimated cost of works Three Hundred (\$300.00) Dollars.
- 6. Estimated time required to construct works One year.
- 7. Remarks \_\_\_\_\_

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This Permit is issued subject to all prior rights on the source. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.04

cubic feet per second, or sufficient to water 6,000 sheep and 150 head of cattle.

Actual construction work shall begin on or before April 1, 1931.

Proof of commencement of work shall be filed before May 1, 1931.

Work must be prosecuted with reasonable diligence and be completed on or before October 1, 1932.

Proof of completion of work shall be filed before November 1, 1932.

Application of water to beneficial use shall be made on or before October 1, 1934.

Proof of the application of water to beneficial use must be filed with State Engineer on or before November 1, 1934.
