Month Month

(i) Remarks Applicants and their predecessors in interest have used the  
water from these sources for watering stock, and said stock  
has been grazed on and used all of the available range adjacent to these  
sources for many years prior to 1905, and therefore such vested rights  
as have been initiated thereby, which said rights are claimed by these  
applicants, are not waived by virtue of the filing of this application.

DESCRIPTION OF PROPOSED WORKS

A dam will be built in the creek at the point of diversion, and a State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water series of smaller dams constructed below. is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

5. Estimated cost of works \$200.00

6. Estimated time required to construct works one year.

7. Remarks Owing to ruling to the effect that the water law does not provide a means for the State Engineer to determine vested rights for stockwatering purposes, this application has been filed as the simplest and most convenient means of perfecting record title and right to the use of water from the source herein.
