Application No. 3259 Certificate Record No. 580 Book 4 Page 580

THE STATE OF NEVADA

CERTIFICATE OF APPROPRIATION OF WATER

WHEREAS, Joseph L. Giroux has presented to the State Engineer of the State of Nevada Proof of Application of Water to Beneficial Use, from McAfee Creek through Giroux Ditch for Irrigation and Domestic purposes. The point of diversion of water from the source is as follows: In the SW¼NW¼ Sec. 2, T. 4 S. R. 35 E., from whence the ¼ corner on the N boundary of said Sec. 2, bears N. 59°18' E., 2778.1 feet, situated in Mono County, State of ~~Nevada~~ California.

NOW KNOW YE, That the State Engineer, under the provisions of Section 72, Chapter 140, Statutes of 1913 has determined the date, source, purpose and amount of such appropriation, together with the place to which such water is appurtenant, as follows:

Name of appropriator Joseph L. Giroux.

Postoffice address Wright and Callender Bldg. Los Angeles, Cal.

Amount of appropriation One (1.0) cubic foot of water per second.

Period of use, from April 1st to October 1st of each year

Date of priority of appropriation February 3rd, 1915.

Description of irrigated land to which water is appurtenant is as follows:

40 acres alfalfa in the SE¼NW¼ Sec. 26, T. 3 S. R. 35 E., M.D.B.& M.

40 " " " NE¼SW¼ " " " " "

80 acres--Total.

NOTE:-The point of diversion under this appropriation is located in California while the land irrigated is situated in Nevada. This certificate, therefore, is issued upon the submission by the appropriator of a proper permit granted to him by the California Water Commission. Inasmuch as the water is diverted in California, the amount of water for the irrigated land would not be limited to the statutory allowance under the Nevada laws, and thus the amount set forth in this certificate is based on the permit from the California Water Commission. The priority of the water right herein granted is in accordance with the date of filing application No. 3259, although the permit from California was not secured until a later date, for the reason that application No. 3259 as originally filed proposed to divert water within the State of Nevada, showing the intent of appropriation at that date.

The right to water hereby determined is limited to the amount which can be beneficially used, not to exceed the amount above specified, and the use is restricted to the place where acquired and to the purpose for which acquired.

IN TESTIMONY WHEREOF, I, J. G. Scrugham, State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 8th day of February, A.D. 1922.

J. G. Scrugham
State Engineer
