
STATE OF NEVADA
COUNTY OF HUMBOLDT } S.S.

I, Richard M. Black, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me between the 1st day of February, and the 15th day of February 1954; that it truly and correctly represents the location and extent of the proposed works used to divert water from Spring Canyon, in Humboldt County, by Henry C. Houck, for Mining + Milling purposes. That the proposed point of diversion and return, the location of the mine, the approximate size and capacity of the diverting conduit, and the location and names of all other works or streams which are crossed by or connected with said works, are fully and correctly designated hereon.
