I, Jack Asher, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 15th day of January 1957, that it truly and correctly represents the proposed location and extent of the works used to divert water from underground source (Vicinity of Lathrop Wells, Nev.) in Nye County, for irrigation and domestic use, by MEL M. BURNS, that the proposed point of diversion, the location of the diverting channels, and the boundary of all lands, showing by 40-acre subdivisions the area proposed to be irrigated, are fully and correctly designated thereon.
