

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office DEC 11 1940
Returned to applicant for correction
Corrected application filed

The undersigned R. M. Miller
of Cedarville, County of Modoc, State of California, hereby makes application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated.

- 1. The source of the proposed appropriation is Cool Spring situate in the SE 1/4 NW 1/4 Section 28, Twp. 41 N. R. 18 E. M.D.M.
2. The amount of water applied for is .008 second-feet.
3. The water to be used for stock watering purposes
4. The water is to be diverted from its source at the following point: in the SE 1/4 NW 1/4 Sec. 28, Twp 41 N-R 18 E. M.D.M. and N 41° 25' W a distance of 4100 feet, more or less, from the southeast corner of the said section 28.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

- (a) Number of acres to be irrigated is
(b) Description of land to be irrigated

be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

- (c) Use will begin about and end about, of each year.

IF WATER IS TO BE USED FOR POWER, MINING, STOCK WATERING, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION:

- (d) Power to be developed is horsepower.
(e) Works to be located N 41° 25' W a distance of 4100 feet, more or less from the SE corner of said section 28.
(f) Point of return of water to stream does not return

- (g) State number and kinds of animals to be watered
50 head of cattle; 10 head of horses.

- (h) Use will begin about and end about, of each year.

(i) Remarks This small spring has no definite channel. The water spreads over a small marshy hole and sinks within a distance of 150 feet. My own stock are the only ones allowed to graze on this area under the Taylor Grazing Act. There are a few drift cattle occasional. The nearest ranch is 6 miles distant.

DESCRIPTION OF PROPOSED WORKS

A galvanized iron trough placed immediately below the spring with an 8 foot 2" pipe conducting the water from the spring to the trough.

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

- 5. Estimated cost of works \$20.00
6. Estimated time required to construct works 1 day
7. Remarks

For use of applicant

R. M. Miller, Applicant.
