APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights on the source and with the understanding that in approving the application it is not within the province of the State Engineer to grant any rights of way for construction or maintenance of any works in connection with the proposed appropriation of water. A substantial weir must be installed and maintained to facilitate the measurement of water. The State reserves the right to regulate the use of water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.80 of a cubic foot per second.

Actual construction work shall begin on or before July 1, 1942

Proof of commencement of work shall be filed before August 1, 1942

Work must be prosecuted with reasonable diligence and be completed on or before July 1, 1944

Proof of completion of work shall be filed before August 1, 1944

Application of water to beneficial use shall be made on or before

July 1, 1946. Proof of the application of water to beneficial

use must be filed with State Engineer on or before August 1, 1946
