I, W.H. Settelmeyer, being first duly sworn, depose and say that this map consisting of one sheet, has been correctly drawn to designated scale from field notes of a survey made by me on the 11th day of September 1960; that it truly and correctly represents the proposed location and extent of the works used to divert water from an under ground source in Elko County by H.V. Hansel and Esther L. Hansel for irrigation and domestic purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location, and names of all other works which will or connect with the proposed works, and the boundary of all lands, showing by 40 acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon
