APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of the Colorado River heretofore appropriated under Application and Permit No. 10800 is issued with the understanding that no other rights on the source will be affected by the change proposed herein. It is understood that accurate measurements of the water placed to a beneficial use will be included in the proof of such use when filed. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed five cubic feet per second.

Actual construction work shall begin on or before October 10, 1943.

Proof of commencement of work shall be filed before November 10, 1943.

Work must be prosecuted with reasonable diligence and be completed on or before October 10, 1945.

Proof of completion of work shall be filed before November 10, 1945.

Application of water to beneficial use shall be made on or before October 10, 1947.

Proof of application of water to beneficial use must be filed with the State Engineer on or before November 10, 1947.

WITNESS MY HAND AND SEAL this 10th day of April, 1943.

Alfred W. Smith  
State Engineer
