APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source. A valve must be installed and maintained to prevent waste of water and accurate measurements of water placed to beneficial use must be taken from time to time. This source is located within an area that has been designated by the State Engineer as coming within the meaning of the provisions of the 1939 Underground Water Act, as amended in 1943; therefore, the State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Five-tenths (0.5) of a cubic foot per second.

Actual construction work shall begin on or before January 22, 1945

Proof of commencement of work shall be filed before February 22, 1945

Work must be prosecuted with reasonable diligence and be completed on or before January 22, 1946

Proof of completion of work shall be filed before February 22, 1946

Application of water to beneficial use shall be made on or before January 22, 1947

Proof of the application of water to beneficial use must be filed with State Engineer on or before February 22, 1947

Map Filed DEC 31 1943

Proof of commencement of work filed JAN 10 1945
Proof of completion of work filed JAN 10 1945
Proof of Beneficial use filed APR 19 1947

WITNESS MY HAND AND SEAL this 22nd day of July, 1944

Issued May 26, 1947 for 0.208 cfs.
