Application No. 5540 Certificate Record No. 853 Book 4 Page 853

THE STATE OF NEVADA

CERTIFICATE OF APPROPRIATION OF WATER

WHEREAS, T.H. Chatom and J.J. Vignolo have presented to the State Engineer of the State of Nevada Proof of Application of Water to Beneficial Use, from Tula George Spring through pipeline and troughs for stockwatering purposes. The point of diversion of water from the source is as follows: at a point which bears N. 55°15' W. 3940 feet from Wheeler's Monument on summit of Toiyabe Range, or approximately in the NW¼ SE¼ Sec. 3, T.8 S.R. 46 E. unsurveyed situated in Nye County, State of Nevada.

Now Know Ye, That the State Engineer, under the provisions of Section 72, Chapter 140, Statutes of 1913 has determined the date, source, purpose and amount of such appropriation, together with the place to which such water is appurtenant, as follows:

Name of appropriator T.H. Chatom and J.J. Vignolo

Postoffice address Beatty, Nye County, Nevada.

Amount of appropriation 0.0019 of a cubic foot of water per second

Period of use, from January 1st to December 31st of each year, inclusive

Date of priority of appropriation June 14th, 1919

Description of works of diversion and use: Water is conveyed from spring through 200 feet of one inch iron pipe to two galvanized iron troughs each 10 feet long and three feet deep, and having a capacity of 400 gallons where it is conserved for watering approximately 60 head of stock

The right to water hereby determined is limited to the amount which can be beneficially used, not to exceed the amount above specified, and the use is restricted to the place where acquired and to the purpose for which acquired.

IN TESTIMONY WHEREOF, I, Robert A. Allen, State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 21st day of November, A.D. 1923

Robert A. Allen

State Engineer
