I, Donald C. Osborne, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my direction between the first day of July, 1963, and the 31st day of October, 1963; that it truly and correctly represents the proposed location and extent of works used to divert water from Eagle Valley Creek and Tributaries, in Lincoln County, by the Nevada Fish and Game Commission for Wildlife Propagation and Recreation Purposes. That the proposed point of diversion, the approximate location of structures and reservoir, the place of use, and the location and names of all other works or streams which cross or are connected with said works are fully and correctly designated thereon.
