

APPLICATION FOR PERMISSION TO CHANGE POINT OF DIVERSION, MANNER OF USE AND PLACE OF USE OF THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED.

Date of first receipt and filing in State Engineer's office APR 6 1945
 Returned to applicant for correction _____
 Corrected application filed _____

The undersigned BASIL BREWER AND GEORGE A. RILEY
(Name of applicant.)
 of Dyer, County of Esmeralda
 State of Nevada, hereby makes application for permis-
 sion to change the point of diversion and place of use by correcting
an error in describing the location
 of water heretofore appropriated under Application No. 11212 filed
(State nature of right that is the basis of this
with the State Engineer on December 4, 1944.
application, i. e., vested, decreed or permitted right.)

1. The source of water supply is Underground Well
2. The quantity of water desired to be changed 0.032
(Acre feet, second feet.)
3. The water is to be used for Stockwatering purposes
4. The water heretofore used for Stockwatering purposes
5. Place of use under existing appropriation (through erroneous des-
(Under irrigation give number acres
cription) N. 73° 25' E., 1825.4 feet from State Line Monument No. 71
and description in respect to Government Land Survey; under any other use give location as being within a 40-acre
of Von Schmidt Survey on unsurveyed land. The geodetic survey instead
of Von Schmidt survey should have been designated.
subdivision.)
6. Proposed place of use under this application The SE corner of T. 3,
(Under irrigation give number
S, R. 35 E., bears N. 48° W. 23,694 ft., which would place the well in
of acres and description in respect to Government Land Survey; under any other use give location as being within a
the NE $\frac{1}{4}$ of NW $\frac{1}{4}$, Sec. 22, T. 4 So., R. 36 E. (unsurveyed) if surveys are
40-acre subdivision.)
projected from said township corner.
7. The water is to be diverted from its source at the following point:
Same as in 6 above
(Describe as being within a 40-acre subdivision of public survey or by course and distance to a section corner.)
8. The existing point of diversion under the former appropriation is
as follows: Same as in 5 above
(If point of diversion is not changed do not answer.)
9. Number and kind of animals proposed to be watered 1000 head of
cattle.
10. Use will begin about Jan. 1 and end about Dec. 31 of each year.
(Month) (Month)
11. The water has been used heretofore during the months of (the original
yet granted.
application sought to be corrected has been filed but not of each year
It is intended only by this application to give a more
12. Remarks accurate description of the location of the proposed well.
The course and distance from the State Line Monument is correctly given
in the Amended Application, but there is apparently an error on which
of the two State lines between California and Nevada Monument No. 71
exists. An error was made in platting the location on the map filed
with this application because of the non-conformity of the public land
surveys on each side of the Nevada-California State Line. The sections
on each side of the two State lines do not conform because of having
been projected from different bases and directions and closed on the
State line.

13. Description of proposed works Water is to be developed by means of a well and pumped to the surface by means of a pump operated by a windmill or gas engine and stored in troughs or tanks for stockwatering purposes.

14. Estimated cost of works \$800.00

15. Estimated time required to construct the works is One Year

Prepared E.M.-R.J.

By W. M. Kearney

Their Attorney.

Protested Nov. 21, 1945 by E. L. Cord.

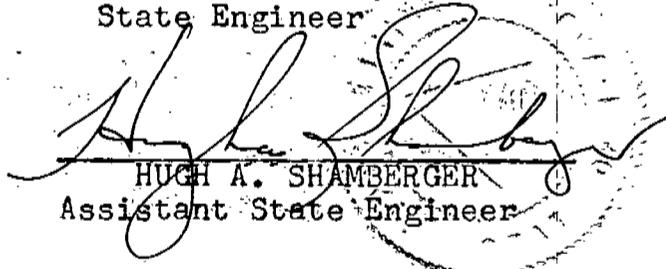

DENIAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application and do hereby deny the same on the grounds that the use of water under said Application and the appurtenant range would interfere with prior rights and would upset the established range use.

WITNESS MY HAND AND SEAL this 27th day
of October, 1947

ALFRED MERRITT SMITH
State Engineer
