
BASIS OF BEARING: MAGNETIC BEARING USED
INSTRUMENT DECLINATION
ON 17° EAST

STATE OF NEVADA,
COUNTY OF ORMSBY } SS

I, Ben Lewis, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me, on the 7th day of March, 1966; that it truly and correctly represents the proposed location and extent of the works used to divert water from an underground source in Douglas County, by Manufacturers' Reseach Co. for mining, milling and domestic purposes. That the proposed point of diversion and return, the location of the mine, mill, the approximate size and capacity of the diverting channel, and the location and names of all other works or sfreams which are crossed by or connected with said works, are fully and correctly designated hereon.

Ben Lewis
State Water Right Surveyor No 295

Subscribed and sworn to before me this 16th day of March, 1966

Leta Lythe
