The point of diversion of water from the source is as follows: at a point in the NE¼ NW¼ Sec. 4, T. 44 N., R. 62 E., M.D.B.& M., situated in Elko County, State of Nevada.

NOW KNOW YE, That the State Engineer, under the provisions of Section 72, Chapter 140, Statutes of 1913 has determined the date, source, purpose and amount of such appropriation, together with the place to which such water is appurtenant, as follows:

Period of use, from April 1st to November 1st of each year

Description of works of diversion and use:

Water has been developed by excavating the four springs located in above mentioned 40-acre tract. Water is thus conserved for approximately 200 head of cattle.

IN TESTIMONY WHEREOF, I, Robert A. Allen, State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 5th day of December, A.D. 192 3.
