APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,  
and do hereby grant the same, subject to the following limitations and  
conditions:

This permit is issued subject to all prior rights on the  
source. A valve must be installed and maintained to prevent waste  
of water. A meter must be installed in the pipe line, near the point  
of diversion, so that accurate measurements of water placed to benefic-  
ial use may be obtained. This source is located within an area that  
has been designated by the State Engineer as coming within the meaning  
of the provisions of the 1939 Underground Water Act, as amended in 1943;  
therefore the State reserves the right to regulate the use of the water  
herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount  
which can be applied to beneficial use, and not to exceed 0.5  
cubic feet per second.

Actual construction work shall begin on or before May 1, 1946

Proof of commencement of work shall be filed before June 1, 1946
