STATE OF NEVADA }
County of White Pine } s.s.

I, Robert W. Millard, being first duly sworn, deposes and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between the 16th and 18th days of May, 1967; that it truly and correctly represents the proposed location and extent of the works used to divert water from Underground Sources in Lincoln County, by David A. Witts for stockwatering purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, or other conduit, the place and manner of use and the location and names of all other works or streams which are crossed by or connected with the said works, are fully and correctly designated theron.
