APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source. A valve must be installed and maintained to prevent waste of water. A meter must be installed in the pipe line, near the point of diversion, so that accurate measurements of water placed to beneficial use may be obtained. This source is located within an area that has been designated by the State Engineer as coming within the meaning of the provisions of the 1939 Underground Water Act, as amended in 1943; therefore the State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.0 cubic foot per second.

Actual construction work shall begin on or before February 3, 1947

Proof of commencement of work shall be filed before March 3, 1947

Work must be prosecuted with reasonable diligence and be completed on or before February 3, 1948

Proof of completion of work shall be filed before March 3, 1948

Application of water to beneficial use shall be made on or before February 3, 1949

Proof of the application of water to beneficial use must be filed with State Engineer on or before March 3, 1949
