(h) Use will begin about Jan. 1 and end about Dec. 31, of each year.
Month Month

(i) Remarks The requested diversion of 12,000 gallons per day would be utilized fully during approximately 4 months of the year only with moderate use throughout the balance of the year as the place of use would be summer homes occupied fully from June through part of September and occasionally during other months.

DESCRIPTION OF PROPOSED WORKS

Water will be pumped from lake by an electrically driven rotary pump

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water

- 3" intake 2 1/2" discharge-thence into a centralized pressure tank and

is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions

thence to summer home sites now under development by owner, location of which are shown on supporting map.

5. Estimated cost of works \$10,000.00

6. Estimated time required to construct works 5 years

7. Remarks Applicant is developing a number of summer home sites, only one of which is on lake shore and on which site the pump plant

For use of applicant

is installed. From here water is to be supplied to inland sites, all of which were or are now contiguously owned by applicant. The 5 year construction period is requested due to unsettled building conditions and resultant uncertainty as to the possibilities of future development.

The Glenbrook Company, Applicant.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is granted subject to all existing rights on the

source. It is understood that in addition to the summer use as hereinafter designated, the permittee will be entitled to intermittent use during the non-summer season on the basis of not to exceed fifty gallons of water per capita per day. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount

which can be applied to beneficial use, and not to exceed 0.01

cubic feet per second, and not to exceed 6500 gallons per day between June 1st and September 15th of each year.

Actual construction work shall begin on or before September 26, 1950

Proof of commencement of work shall be filed before October 26, 1950

Work must be prosecuted with reasonable diligence and be completed on or before September 26, 1953

Proof of completion of work shall be filed before October 26, 1953

Application of water to beneficial use shall be made on or before

September 26, 1954. Proof of the application of water to beneficial

use must be filed with State Engineer on or before October 26, 1954

Filed SEP 6 1947

Proof of commencement of work filed SEP 11 1950

PROOF OF COMPLETION OF WORK FILED DEC 9 1959

PROOF OF BENEFICIAL USE FILED

WITNESS MY HAND AND SEAL this 26th day

of August, 1949.
