

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Serial No. 11925

Date of first receipt and filing in State Engineer's office JUL 23 1947
Returned to applicant for correction
Corrected application filed

The undersigned, The Glenbrook Company
of Glenbrook, County of Douglas, State of Nevada, hereby make application for

permission to appropriate the public waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation.) Incorporated in State of Delaware - 1926

1. The source of the proposed appropriation is Lake Tahoe

2. The amount of water applied for is 2,000 gals. per day (see remarks)
One second-foot equals 40 miners' inches

3. The water to be used for domestic purposes.
Irrigation, power, mining, manufacturing, domestic, or other use

4. The water is to be diverted from its source at the following point: Lot 4 of section 3, T. 14 N., R. 18 E., M.D.B.&M., which point bears N. 68° 12' W., 990 feet distant from the meander corner of Sections 3 and 10, T. 14 N., R. 18 E.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

(a) Number of acres to be irrigated is

(b) Description of land to be irrigated. Describe by legal subdivision, or if on unsurveyed land it should

be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

(c) Use will begin about and end about, of each year.
Month Month

IF WATER IS TO BE USED FOR POWER, MINING, STOCK WATERING, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION:

(d) Power to be developed is horsepower.

(e) Place of use Portion of NE 1/4 of SW 1/4 and Lot/Sec. 3, T. 14 N., R. 18 E.
Give location of place of use by legal subdivision

(f) Point of return of water to stream. Describe in same manner as point of diversion

(g) State number and kinds of animals to be watered

(h) Use will begin about Jan. 1 and end about Dec. 31, of each year.
Month Month

(i) Remarks The requested diversion of 2,000 gallons per day would be utilized fully during approximately 4 months of the year only with very moderate use throughout the balance of the year as the place of use would be summer homes occupied fully from June through part of September and occasionally during other months.

DESCRIPTION OF PROPOSED WORKS

Water will be pumped from the lake at one point of diversion by means of an electrically driven pump and conveyed through a pipe line system to two building sites, one abutting the lake shore and one immediately to the rear of it where it will be used for household purposes and to water lawn and shrubs.

- 5. Estimated cost of works \$1,000.00
6. Estimated time required to construct works 5 years
7. Remarks This water is needed to develop two building sites on property of the applicant in Lot 4 of section 3, T. 14 N., R. 18 E.

The five-year construction period is requested due to unsettled building conditions and resultant uncertainty as to the possibilities of future development.

The Glenbrook Company, Applicant.

By Robert F. Guinn State Water Right Surveyor and Agent for Applicant.

Compared This sheet inspected, Engineer.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is granted subject to all existing rights on the source. It is understood that in addition to the summer use as hereinafter designated, the permittee will be entitled to intermittent use during the non-summer season on the basis of not to exceed fifty gallons of water per capita per day.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.002 cubic feet per second, and not to exceed 1300 gallons per day between June 1st and September 15th of each year.

Actual construction work shall begin on or before September 26, 1950.

Proof of commencement of work shall be filed before October 26, 1950.

Work must be prosecuted with reasonable diligence and be completed on or before September 26, 1953.

Proof of completion of work shall be filed before October 26, 1953.

Application of water to beneficial use shall be made on or before September 26, 1954.

Proof of the application of water to beneficial use must be filed with State Engineer on or before October 26, 1954.

Witness My Hand and Seal this 26th day of August, 1949. Alfred Merritt, State Engineer. Includes a circular seal and a signature of Alfred Merritt.

Cancelled NOV 30 1949 because of failure of applicant to comply with the provisions of permit. Includes a signature of Edmund White.
