I, Wayne M. Hink, being first duly sworn, depose and say that this map, consisting of one sheet, is correctly drawn to the designated scale from field notes of a survey made by me on the 24th day of March, 1974; that it truly represents the location and extent of the works used to divert water from the "Sandy Valley Ground Water Basin" by Edward Kolajay for "Irrigation Use" and that the boundaries of the land embodied in the tract owned by the applicant and upon which it is proposed to use the water applied for, are fully and correctly designated thereon.
