By

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of Taft Creek as heretofore appropriated under Permit 10994 is issued subject to the terms and conditions imposed in said Permit 10994 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and weir or other type of measuring device must be installed at or near the new point of diversion to facilitate the measurement and control of the water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 3.5 cubic feet per second, but not to exceed 1,540 acre-feet per season.

Actual construction work shall begin on or before December 2, 1964

Proof of commencement of work shall be filed before January 2, 1965

Work must be prosecuted with reasonable diligence and be completed on or before December 2, 1965

Proof of completion of work shall be filed before January 2, 1966

Application of water to beneficial use shall be made on or before December 2, 1966

Proof of the application of water to beneficial use shall be filed on or before January 2, 1967

Map in support of proof of beneficial use shall be filed on or before

Commencement of work filed Dec. 23, 1964
Completion of work filed Dec. 23, 1964
Proof of beneficial use filed DEC 16 1966
Cultural map filed
