- (i) Remarks This land has been applied for on Desert Entry. There should be no further demand for irrigation water in this immediate vicinity, as the balance of the land in the southeastern end of this valley is not suitable for farming. A well is now being drilled on Patented land, adjoining, and if this well produces the amount asked for in this application, then this water applied for now, will not be required.

DESCRIPTION OF PROPOSED WORKS

A well will be drilled to a suitable depth and of sufficient diameter to supply the amount of water to properly irrigate the above tract of land.

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

- 5. Estimated cost of works \$6,500.00
6. Estimated time required to construct works 4 years
7. Remarks

For use of applicant
