I, Douglas W. Hopkins, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made under my direction on August 22, 1991; that it truly and correctly represents the proposed location and extent of the works used to divert water from a well in Washoe County by the COUNTY OF WASHOE, a political subdivision of the State Of Nevada, for domestic purposes. That the proposed point of diversion, the approximate location of all other works which cross or connect with the proposed works, and the boundary of all lands, showing by 40± acre subdivisions the areas proposed to be served, are fully and correctly designated thereon.
