Application No. 12445 Certificate Record No. 3832 Book 12 Page 3832

THE STATE OF NEVADA

CERTIFICATE OF APPROPRIATION OF WATER

WHEREAS, Thomas M. Cahill, Assistant Supt. has presented to the State Engineer of the State of Nevada Proof of Application of Water to Beneficial Use, from Underground (Norris Well) through pipe line for Mining, Milling and Domestic purposes. The point of diversion of water from the source is as follows: Within the NE¼ NE¼ Sec. 20, T. 10 N., R. 43 E., M.D.B.&M., or at a point from which the NE corner of Sec. 21, T. 10 N., R. 43 E., bears N. 86° 00' E., 6,030 feet situated in Nye County, State of Nevada.

NOW KNOW YE, That the State Engineer, under the provisions of Section 72, Chapter 46, Statutes of 1937 has determined the date, source, purpose and amount of such appropriation, together with the place to which such water is appurtenant, as follows:

Name of appropriator Round Mountain Gold Dredging Corporation

Post-office address Round Mountain, Nevada

Amount of appropriation 3.0 c.f.s.

Period of use, from January 1 to December 31 of each year

Date of priority of appropriation May 12, 1948

Description of works of diversion, manner and place of use: Water is pumped from 592' of cased well (16" casing 0 to 480' and 12" casing 480' to 592'--all casing #10 gauge double). The 16" casing is perforated with seven ⅜" x 3" slots per foot from 250' to 470'. The 12" casing has the same perforations below 480'. Water is pumped from the above well through 47' of 6" steel pipe in a SW direction to what is known as the Jett pipeline (15" O.D. & I.D.) where it is comingled with waters from the followingsources: Applications 2908 and 12442, thence by said Jett pipe line water is conveyed 22,841 feet in a SE direction to the SW¼ SW¼ Sec. 19, T. 10 N., R. 44 E. At the point the water is distributed approximately as follows: 3/4 goes to a gravel washing plant located in the same legal subdivision through a 15" steel pipeline about 400' long, and the remaining ¼ of the water is distributed about equally between mining operations and domestic. Water to mining operations is diverted at a point 23,441 feet in a SE direction from Norris Well through a 4"-4200' steel pipeline to the mining area located in the SW¼ SW¼ of said Sec. 19. Domestic water is diverted at a point about 25,840' in a SE direction from Norris Well, by means of 2500' of 4" steel pipeline, 4600' of 2" steel pipeline, and 4400' of 1" steel pipeline to 14 family dwellings and 1 general office building located variously in the NE¼ and NW¼ of Sec. 30, and the SE¼ and SW¼ Sec. 19, T. 10 N., R. 44 E., M.D.B.&M.

The right to water hereby determined is limited to the amount which can be beneficially used, not to exceed the amount above specified, and the use is restricted to the place where acquired and to the purpose for which acquired.

IN TESTIMONY WHEREOF, I HUGH A. SHAMBERGER, State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 4th day of August, A.D. 1952

State Engineer.
