APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the manner of use of the waters of an underground source as heretofore granted under Permit 32445 is issued subject to the terms and conditions imposed in said Permit 32445 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit is further subject to the terms and conditions set forth in the State Engineers ruling of October 20, 1978.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.4 cubic feet per second, but not to exceed 428 acre-feet annually.

Actual construction work shall begin on or before April 20, 1979

Proof of commencement of work shall be filed before May 20, 1979

Work must be prosecuted with reasonable diligence and be completed on or before April 20, 1980

Proof of completion of work shall be filed before May 20, 1980

Application of water to beneficial use shall be made on or before April 20, 1983

Proof of the application of water to beneficial use shall be filed on or before May 20, 1983

Map in support of proof of beneficial use shall be filed on or before

Commencement of work filed
Completion of work filed
