
CONSTRUCTED WORKS consist of a dam 150 feet long by 4 feet high which lies 130 feet north of the point of issuance at Flat Spring, forming a pond 3½ feet deep around the spring.
2500 head of sheep are watered from this source.

STATE OF NEVADA
COUNTY OF WHITE PINE SS.

I, G. S. Quate, being first duly sworn, depose and say that this map, consisting of one sheet only, has been correctly drawn to the designated scale from field notes of a survey made by me on the 13th day of December 1928; that it truly and correctly represents the location and extent of the completed works used to divert water from Flat Spring in White Pine County by B. H. Robison for stockwatering purposes. That the point of diversion, the location and size of the diverting channel or other conduit, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.

G. S. Quate
State Water Right Surveyor

Subscribed and sworn to before me this 19th day of December 1928.

Geo. F. Robison
Notary Public.

My commission expires Aug. 12, 1929.

Scale 1 inch = 300 feet.
